

CONTACTLESS COLLECTION SERVICE

Please use this form as a guide to help select your groceries and send to us via email to farmshopcollections@welbeck.co.uk Please send either a list or utilise the last two pages of this document to help us save the need to print the entire form and avoid wasting paper.

Orders are taken as below

Monday for collection Tuesday (order by 3pm) or Wednesday

Tuesday for collection Thursday

Wednesday for collection Friday

Thursday for collection Saturday or Sunday

Friday/Saturday for collection Monday

Name	
Phone number (very important!)	
Email address	
Preferred collection date	
Loyalty Card number	
Please remember not to set off prior to receiving a call to make payment, this will likely be late morning or early afternoon on the day of your collection	

Items listed may not be available, we will discuss out of stock items and potential substitutions with you once picked. Items are not reserved at time of your order and will be based on our availability at the time of order pick. Feel free to add anything not listed at the end of the form

We will scan your goods and contact you via telephone to make payment. We will then carefully pack your groceries ready for collection from our collections marquee, located in the courtyard. When you arrive at the courtyard, please advise the first colleague you see that you are collecting an order, and provide your name and order number and we will bring out your shopping.

Please do not set off for your collection before you have taken a call to make payment.

We will ring you once your order is picked and processed through the till, This is unlikely to be before lunch time as we are picking from fresh delivered stock and the Butchers are cutting to order. Calls and emails into the business for updates will delay our processes.

If you can't edit this form on your device please send a simple list of products with quantities, your preferred collection day and your contact number via email

Version 7, updated 30.9.20. Previous versions may have invalid ranges and prices, prices may also change prior to reprint of this document – we aim to keep this to an absolute minimum

September update

We are looking to continue our contactless collection service for the foreseeable future, with the desire to move to a fully functioning click and collect website service in the New Year, or earlier if possible.

We are seeing a significant change in seasons, not all products are listed on this order form but feel free to call our teams to discuss what seasonal vegetables we have available.

Wild venison from the Estate is now in season, but due to the nature of venison we have this inconsistently, please call the butchery team prior to ordering venison to check availability. We also have a series of shoots over the late Autumn and winter, so will have game birds available, again please speak to the butchery team or highlight on your order if you would like something if available, however these items are not listed on our main order forms due to their ad-hoc availability.

Contactless collections over Christmas week

Due to our limited size and space we will not be able to offer a contactless collection service for collection dates 21st December – 27th December.

This may of course change if we go into further lockdown or other restrictive measures are introduced, in which case we will update via our social media channels.

Christmas pre-orders are now live!

Our Butchers have opened their Christmas order books already, so you can now order whole turkeys, turkey breast joints, beef, pork and gammon, as well as venison and other game for Christmas.

There is a £10 deposit per order, orders can be made in the Farm Shop or by phone direct to the butchery team on 01909 478725 (option 2), the Butchers will discuss your order requirements and then transfer you to the till team to process your deposit.

Our Deli team are also taking orders for cheese, pork pies and other Deli products in the same manner, a £10 deposit is also required for Deli orders (so 2 x £10 deposits if you are ordering from both Butchery and Deli) the Deli team can be contacted on 01909 478725 and option 3.

Please note when collecting Christmas orders we require no more than 2 people per collection, ideally one where possible so we can minimise the number of people on site and also maximise our speed of service to keep any queuing to a minimum.

BUTCHERY	PRICE
